
FREE WEBPAGE HOSTING OFFER

Get your place on the World Wide Web

Burgh House Limited offers local charities FREE webpage hosting ...

Why use the Internet?

If you run a charity or 'good works' organisation on St. Helena there are at least two good reasons to promote your work on the Internet:

- Saints overseas, and people who have a special interest in St. Helena, may not know about what you do. By advertising your work and contact details on the Internet they may be encouraged to contribute, either financially or by providing other forms of assistance.
- There may be other organisations worldwide that do similar things to you, and by association they may be able to help your work.

Reaching people across the world via the Internet can help your organisation achieve its aims.

But promoting your work on the Internet costs money and requires technical expertise. Can you afford to buy a domain name; pay for web hosting and write HTML pages? Do you even know what all of those things are? **Now you don't need to.**

So what is the offer?

If you can put together a single page of A4 that describes your organisation, Burgh House Limited will host it on our website – FREE.

So now you can have a place on the World Wide Web without needing to know anything about the technicalities and without it costing you a penny.

Your page will have a unique address, in the form www.{yourorganisationname}.burghhouse.com, so your audience can go straight to your page without going via our site.

All you have to do is design your page and email it to us at enquiries@burghhouse.com.

We'll do all the technical stuff and advise you when your page is live on the Internet and viewable by the over 1 billion Internet users worldwide.

Please read the Terms & Conditions below.

WHY DOES BURGH HOUSE LIMITED DO THIS?

The short answer is – because we can.

We have our own website, and although we have bought the minimum size from our supplier we have space which we don't need. We like to support local charities and good works organisations so we are happy to allow organisations like yours to use some of that space.

Terms & Conditions

We reserve the right to amend these Terms & Conditions at any time without notice.

This offer does not create any contract between the organisation and Burgh House Limited.

Burgh House Limited therefore:

- accepts no responsibility for any failures in delivering the hosting; and
- may withdraw the hosting at any time without notice.

PAGE DETAILS

Burgh House Limited will host one A4 page per organisation.

The page:

- may comprise text and pictures;
- must be delivered as a single Microsoft Word™ document, for version 2003 (.doc) or 2007 (.docx);
- must not exceed 1Mb in total file size.

UPDATES

The offer is not intended to allow regular or frequent updates and we do not expect to receive updates more than twice per year.

Therefore please design your page to describe your organisation in general and avoid, for example, details of recent or forthcoming events that will soon be out-of-date.

CONDITIONS OF ACCEPTANCE

Burgh House Limited shall have the sole right to decide whether to accept any supplied new or updated page and host it on the Burgh House Limited website.

In addition to the above, and without contradiction to the generality thereof, Burgh House Limited will not host any page which it believes:

- advocates an activity that is illegal or which it considers immoral or improper;
- has content which is derogatory, libellous or malicious, against any person or organisation;
- promotes a commercial entity, other than where a charitable organisation trades for the enrichment of its own funds.

If your page is not accepted by us we may explain why and give you the opportunity to amend it, but we reserve the right to reject any page without explanation.

Every supplied page will be amended by Burgh House Limited to add the following text:

[Burgh House Limited](#) accepts no responsibility for the content of this page, which is the sole responsibility of the organisation concerned.
